Payment

Registration Fee: \$500.

Aero-Tech spent many months to obtain the authorization from our government to issue M1 Visas and it requires a lot of man-power to process all the required documents correctly. We must charge this registration fee to cover our costs. \$200 will be refunded if for any reason you are not eligible for a visa.

Training Deposit - \$1,500

This allows us to pre-reserve your aircraft, instructors and other training resources for your use upon your arrival. We don't overfill our school with students. We want you to relax and enjoy flight training with minimum of training interruption. We feel that by having your training resources pre-reserved, your training will flow smoothly. \$500 of this money covers training supplies that can be shipped before your arrival in the event that you'd like to get a head-start on reading and studying.

Total to Aero-Tech \$2,000

Your registration fee and training deposit may be paid by

1. On your major credit card (VISA, Mastercard and Discover Card accepted)
2. Wire transfer

Also required but not paid to Aero-Tech

\$130 will be paid online for each course enrolled during the background check at www.flightschoolcandidates.gov
